

\$80,000,000
Aggregate Principal Amount

**3.0% Convertible Senior Subordinated Notes due 2024
and up to 22,792,024 Shares of Common Stock Issuable Upon Conversion of the Notes**

We sold \$80 million aggregate principal amount of our 3.0% Convertible Senior Subordinated Notes due 2024 in private transactions on December 6 and December 21, 2004. Selling securityholders may use this prospectus supplement no. 1 and the prospectus dated July 13, 2005 to resell from time to time their notes and up to 22,792,024 shares of common stock issuable upon conversion of the notes. In this document, we refer to that prospectus as supplemented by this supplement as “the prospectus.” We will not receive the proceeds of any sales of securities pursuant to the prospectus.

The section of the July 13, 2005 prospectus entitled “Selling Securityholders” is hereby replaced with the following section.

SELLING SECURITYHOLDERS

We originally issued and sold the notes to Bear, Stearns & Co. Inc., to whom we refer to elsewhere in the prospectus as the “initial purchaser,” in transactions exempt from the registration requirements of the federal securities laws. The initial purchaser resold the notes to persons reasonably believed by it to be “qualified institutional buyers,” as defined by Rule 144A under the Securities Act of 1933, as amended, or the Securities Act. The selling securityholders, which term includes their transferees, pledges, donees or successors, may from time to time offer and sell pursuant to the prospectus any and all of the notes and the shares of common stock issuable upon conversion of the notes, which we refer to in this section as the conversion shares. Set forth below are the names of each selling securityholder, the principal amount of the notes that may be offered by such selling securityholder pursuant to the prospectus, any common stock owned prior to conversion, and the number of conversion shares into which such notes are convertible, each based on the most recent information that we received from each selling securityholder regarding its holding. Unless set forth in this section, none of the selling securityholders has had a material relationship with us or, to our knowledge, with any of our predecessors or affiliates within the past three years.

Any or all of the notes or common stock registered hereby and listed below may be offered for sale pursuant to the prospectus by the selling securityholders from time to time. Accordingly, no estimate can be given as to the amount of notes or common stock that will be held by the selling securityholders upon consummation of any particular sale. In addition, the selling securityholders identified below may have sold, transferred or otherwise disposed of all or a portion of their notes since the date on which the information regarding their notes was provided in transactions exempt from the registration requirements of the Securities Act.

- (27) Information about other selling securityholders will be set forth in supplements or amendments to the prospectus. Holders of notes and conversion shares not named in the prospectus, and any transferees from such holders, may not use the prospectus until a post-effective amendment has been filed and declared effective, or a prospectus in accordance with Rule 430B(d) has been filed, that names such holders and includes the required disclosure about those holders and their plan of distribution.
- (28) Assumes that any other holders of notes, or any future transferees, pledgees, donees or successors of or from any such other holders of notes, do not beneficially own any common stock other than the common stock issuable upon conversion of the notes at the initial conversion rate.

The preceding table has been prepared based upon information furnished to us by the selling securityholders named in the table. The aggregate principal amount of notes reflected in the table is more than the aggregate principal amount of notes outstanding because securityholders have provided us with information as of different dates and may not have updated us on transfers of notes. Noteholders whose notes are not reflected in the table have chosen not to provide us with the information necessary to list them in the table or to permit them to be selling securityholders under the prospectus. Information about the selling securityholders may change over time. If we become aware of any such changed information, we may amend or supplement the prospectus to reflect the changed information. However, our failure to amend or supplement the prospectus should not be interpreted as a representation that such a change has not occurred.
